Grants for organised leisure activities

Nordre Follo Municipal Authority wants more children and young people to participate in regular organised leisure activities. To this end, the Municipal Authority has established a grant scheme that clubs, associations and municipal employees can apply for.

What can you get support for?

You can get support for expenses related to fixed, regular organised activities. Examples include membership fees, licences, participant / activity fees, and other expenses associated with an activity. The Municipal Authority does not provide support for individual activities and gym membership fees.

Who can get support?

Children and young people aged 6–18 years registered as living in the municipality of Nordre Follo who cannot afford to participate in an organised leisure activity can receive support. We assess each application individually and may grant amounts applied for in whole or in part.

Who can apply (on behalf of a child or young person)?

Families and individuals cannot apply for a grant themselves; instead they should contact a municipal employee or the person / organisation offering the activity. This person will then assess whether the child qualifies for a grant.

In order to receive support for an activity, the person(s) responsible for the activity must be registered in the Register of Non-Profit Organisations. We also grant support for municipal activities such as cultural schools and youth clubs.

The application must include the name of the child / young person, their date of birth, and consent from the parent or legal guardian of children under the age of 15.

Application

The organiser of the activity or a municipal employee completes the application form and submits the application to the Municipal Authority electronically. A separate application must be submitted for each child. Applications may not include expenses for multiple activities or trips. There is no deadline for applications.

Application form

Who processes the applications?

The enterprise Public Health, Sports and Outdoor Activities receives and evaluates applications in accordance with the guidelines for the grant scheme. We process all personal data in accordance with the applicable guidelines.

Response to the application

Applicants will normally receive a response within ten days. The Municipal Authority will pay the granted amount to the person or organisation who offers the activity.
